

Vital and controversial – a new, extended edition
of a pathbreaking book.

Will the computer age, which offers us such power
and precision, reduce us to robots? Or will it free
our creativity and liberate us from drudgery? This
is the book which shows that we can, and must,
plan an alternative exciting technological future.

'challenges the power of the machine' –
New Society

'essential reading' – *New Statesman*

Mike Cooley, who lives in Slough, is internationally
known as an activist, engineer and academic.
Winner of the \$50,000 Alternative Nobel Prize, he
is currently Director of Technology at the Greater
London Enterprise Board.
